Grand Solcil d'Or

This splendid Narcissus is a dual purpose flower. Its use for forcing is well known as the common name "Yellow Paper-White" indicates. It is also a splendid out-door bulb, being hardier than many of the daffodils. Healthy home-grown double-nose bulbs. 12 for \$1.

Bulbs of Quality
from Grower to You

CONLEY'S BLOSSOM FARM

1759 FRANKLIN BOULEVARD

EUGENE, OREGON

Inglescombe Yellow

This splendid yellow tulip is often known as the "Yellow Darwin." Of all yellows it is the most dependable—easily grown, long lasting and a splendid cut flower. Our top size Oregon Grown Bulbs, at a very special price:

12 for 50c, 100 for \$3.50, postpaid.

Conley's Special Tulip Mixture

When we saw the way the fine big tulip bulbs came pouring out of the ground at digging time this year, we decided that we would have to make some drastic reductions in our stock. Never before have we had such a splendid crop. Also we are growing too many varieties that are not sufficiently distinct from others we list to justify putting them in the catalog. These fine varieties will be included in this special mixture. The tulips of this assortment are rainbow-like in their wide range of color. Darwin, Cottage, Breeder and Hybrid types are included in each lot. The bulbs are all carefully selected top size, strong and healthy, sure to bloom. **25 for \$1.00; 50 for \$1.75; 100 for \$3.25; 1000 for \$28.00.**

Greetings!

OUR daughters, Kathleen and Caroline, greet you from one of our tulip fields. Most children love to grow and gather flowers. Do you give yours this opportunity?

There are over half a million tulip bulbs in the field pictured above. The bulb crop when harvested was of splendid quality. We hope we may have the opportunity of supplying you with some of our good Oregon-grown tulip, daffodil and other bulbs. We think you will like them.

CONLEY'S BLOSSOM FARM

PAT AND LOLA CONLEY.

Assorted Narcissi - Daffodils for Naturalizing and for Cut-flowers

This assortment is made up of our choice named varieties. It is made just as good as we can make it so that people may know of the marvelous diversity of form, size, and color of the modern narcissi-daffodils. Each package contains at least twenty different varieties ranging from the giant daffodils like King Alfred, Tresserve, and Spring Glory through the medium cups to the Poetaz varieties and true Poet's narcissi. A California customer wrote: "I have never bought any collection of bulbs that have been so satisfactory. They are lovely and such a grand variety." Large double-nose bulbs (each will produce at least two flowers the first season).

20 for \$1.00; 100 for \$3.95; 1000 for \$37.50

Large round bulbs—

25 for \$1.00; 100 for \$3.50; 1000 for \$30.00

Olympia is one of the varieties in the assortment

Mrs. E. H. Krelage

Division 1. The trumpet or crown as long as or longer than the perianth segments (petals).

CLASS A—ALL YELLOW

Aerolite. Large beautifully proportioned flower. Early. One of the longest lasting daffodils. Medium yellow trumpet with primrose perianth made up of broad flat petals. 12 for \$1.50.

Cleopatra. Latest yellow daffodil. Long light yellow trumpet and lemon-yellow overlapping petals. 12 for \$1.60.

Duchanel. Beautifully balanced flower of giant size. Brilliant clear self yellow. The widely flaring trumpet is deeply frilled. Each 50c.

Emperor. Perianth primrose, trumpet yellow. Medium sized flower on a good stem. Fine for naturalizing. 12 for 80c, 100 for \$6.00.

Golden Spur. Uniform rich golden yellow. The earliest daffodil for outdoors or for forcing. Double nosed bulbs, 12 for 75c, 100 for \$5.00. Large round bulbs, 12 for 60c, 100 for \$4.00.

King Alfred. The one indispensable daffodil. Superior in every way—color, length of stem, vigor and lasting quality. Our stock is very fine and we have received many glowing reports from all over the country. Mammoth double-nosed bulbs, 12 for \$1.50, 100 for \$10.00. Double-nosed bulbs, 12 for \$1.20, 100 for \$8.50. First size round bulbs, 12 for \$1.00, 100 for \$7.50.

Olympia. Very large flower with a most beautifully frilled trumpet of clear yellow. The gracefully twisted perianth is primrose. A vastly improved Emperor. 12 for \$1.50, 100 for \$10.00.

Tresserve. One of the most popular of the giant trumpet daffodils. Deep canary yellow trumpet with lighter perianth. The widely expanded trumpet mouth is deeply lacinated. 12 for \$1.00, 100 for \$7.50.

Warwick. One of the finest King Alfred seedlings of a deeper golden yellow color. Very early. Splendid substance. 3 for 50c, 12 for \$1.75.

LARGE TRUMPET DAFFODILS

CLASS B—ALL WHITE DAFFODILS

Madame de Graaff. This lovely graceful daffodil was the first of a new class and the most famous of the white trumpets. A rather low growing free flowering plant. The trumpet opens pale primrose changing to white. Late. 12 for \$1.50, 100 for \$10.00.

Mrs. E. H. Krelage. The best white trumpet of a medium price. When fully developed the color is a uniform ivory white. Smooth waxy texture. Long stems. 12 for \$2.00.

Mrs. R. O. Backhouse. The famous "pink" daffodil. The long trumpet is apricot pink changing to shell pink at the deeply fringed edge. Ivory white perianth. Delicately beautiful but of exceptional substance and long lasting. Each \$2.00.

CLASS C—BI-COLOR DAFFODILS

Beppy. This daffodil has a huge widely flaring trumpet of deep yellow. The pure white perianth reaches forward around the trumpet, making a very striking appearance. 12 for \$1.00.

Spring Glory. Large golden yellow trumpet backed by long pure white petals. A good clear flower on an excellent stem. Free flowering. Double nosed bulbs. 12 for 80c, 100 for \$6.00 Large round bulbs. 12 for 60c, 100 for \$4.50.

Van Waveren's Giant. One of the largest of all the trumpet daffodils. Creamy perianth, large bright yellow trumpet. 12 for \$1.75.

Victoria. Bold erect flower, creamy white perianth with broad yellow trumpet. Fine forcer and excellent for naturalizing. Double nosed bulbs. 12 for 80c, 100 for \$6.00. Large round bulbs. 12 for 60c, 100 for \$4.50.

MIXED LARGE TRUMPET DAFFODILS

An excellent mixture of all the types of large trumpet daffodils—at least nine varieties—made up from the varieties listed here. Double nose bulbs. 15 for \$1.00, 100 for \$5.00, 1000 for \$45.00.

Spring Glory

Incomparabilis Narcissi

Division 2. The cup or crown measuring from one-third to nearly equal the length of the perianth segments. The perianths are white or yellow and the cups yellow, yellow shaded with red or all red.

Bernardino. Broad creamy perianth with fluted cup of soft yellow edged apricot. One of the most beautiful of the medium priced narcissi. Free flowering and good grower. 12 for 90c, 100 for \$7.00.

Croesus. A very popular and desirable variety. Flat overlapping perianth of light canary yellow. Broad fluted cup of rich orange. (See back cover.) 3 for 40c, 12 for \$1.50.

Dick Wellband. The startling contrast of the pure white perianth and flame orange cup makes this variety stand out in any collection. Long lasting and the color intensifies with age. Each \$2.

Francisca Drake. The very wide petals are of unusual substance, pure white tinted gold at the base. The wide open cup is golden yellow at the base changing to flame orange at the densely frilled edge. Tall and strong growing. Each 75c.

Helios. One of the new standard varieties. Creamy yellow perianth, yellow cup turning orange with age. Very early and long lasting. See back cover. 12 for \$1.25, 100 for \$10.00.

John Evelyn. This will be one of the greatest daffodils for years to come. Pure white perianth 4-5 in. across. Very wide flat cup of yellow, tinted apricot, densely frilled and fluted. See back cover. Each 25c, 12 for \$2.50.

Lucifer. Graceful perianth of long white petals. Yellow orange cup shading to orange-red. A fine flower for out-of-doors as it holds its color remarkably well. One of the earliest of the bright cups. 12 for 75c, 100 for \$5.00.

Lucinius. A self-colored golden-yellow flower of great attractiveness. Unusual type with very broad flat cup. 12 for \$1.50.

Red Cross. Famous throughout the daffodil world. Extra large strong flower with flat primrose-yellow perianth and a deep yellow cup densely frilled with orange. Substantial and long lasting. Each 40c, 3 for \$1.10, 12 for \$4.00.

Sir Watkin. One of the indispensables. A very free flowering variety with splendid foliage and large flowers on good stems. The flowers have a primrose perianth and deep yellow cup. Excellent for naturalizing and for cutting. Large double-nosed bulbs, 12 for 75c, 100 for \$5.00. Large round bulbs, 12 for 60c, 100 for \$4.00.

Walter Hampden. The exceptionally large flowers have bright primrose perianth and pure yellow trumpet with a tinge of orange in the frills. Very tall and outstanding. A fine companion for Dick Wellband. Each \$1.75.

Whitewell. Fine large flower of splendid substance. Broad white perianth, cup deep primrose with orange edge. 12 for 90c.

Will Scarlet. Fiery orange-scarlet cup, very broad and nicely frilled. The reflexed perianth is creamy white. Fine for rock gardens or by a pool. 12 for \$1.00, 100 for \$7.50.

Mixed Medium and Small Cup Narcissi

These narcissi are especially desirable for naturalizing as they are very hardy and flower with great freedom. A delightful effect would be obtained by planting them in large drifts in woodland or by waterside. As cut flowers these sorts are very graceful and charming. The assortment is a comprehensive one made up from the varieties listed in this catalog of *Incomparabilis*, *Barrii*, *Leedsii*, *Jonquil*, *Poeticus* and *Poetaz* types. The bulbs are all double nose grade (at least two blooms first season). 25 for \$1.00, 100 for \$3.50, 1000 for \$32.50.

Diana Kasner

Barrii Narcissi

Division 3. Cup or crown less than one-third the length of the perianth segments. The colors are the same as the *incomparabilis* division. Many of them have cups of intense red. They are free flowering, hardy, and increase rapidly.

Barrii Conspicuus. Bright yellow perianth and short broad cup, conspicuously edged brilliant orange-scarlet. Rapid of increase and free flowering. A delightful sweet-scented cut flower with a long stem. Special low price. 12 for 50c, 100 for \$3.

Bath's Flame. Fine large flowers on tall stem. Yellow perianth with darker cup deeply edged orange-scarlet. 12 for \$1.40.

Diana Kasner. The overlapping perianth of purest white has great substance. Large fluted yellow cup with orange red frill. A magnificent free flowering novelty of rare beauty. Highly recommended. 12 for \$1.10.

Early Surprise. A handsome early flower of semi-dwarf growth. Fine for naturalizing. Frilled yellow cup edged bright orange, pure yellow perianth. 12 for 75c, 100 for \$5.00.

Firebrand. Small cup of intense fiery red. Star shaped perianth of creamy white. A bright small flower especially fine for naturalizing in partial shade. 12 for 60c, 100 for \$4.00.

Firetail. Very attractive flower with broad overlapping perianth of creamy white. Large orange cup with scarlet orange frill. Each 20c, 12 for \$2.00.

Masterpiece. Creamy white star-shaped perianth, flat nicely frilled orange-red cup. Tall stem. Late. 12 for 80c, 100 for \$6.00.

Nanny Nunn. Creamy white perianth of wonderful substance. Glowing cup of orange-scarlet that lasts well. Late. 12 for \$1.25.

Red Chief. The broad perianth is of purest white, the cup intense orange red. A striking flower. 12 for 80c, 100 for \$6.00.

Mrs. Nette O'Melveny — A Leedsii Narcissus

Leedsii Narcissi

Division 4. Perianth white, cup white, cream, or pale citron, sometimes tinged with pink or apricot. In size of cup this division corresponds to the Barrii and Incomparabilis groups.

Delaware. Very gracefully formed flower of most remarkable substance. The large cup which is exceptionally deeply wrinkled opens a golden quince color changing to creamy lemon. Pure white perianth. Delightfully fragrant. Each \$1.25.

Gertie Millar. Wonderful flower of the new Giant Leedsii type with pure white perianth as large as Van Waveren's Giant. Beautifully proportioned pale primrose cup deeply fluted and frilled. Each 60c.

Hera. One of the most chastely beautiful of all daffodils. Broad petaled creamy-white perianth and deeply frilled cup of creamy white edged delicately with apricot. When fully developed the whole flower becomes a beautiful clear white. 12 for \$1.00.

Lord Kitchener. Broad flat, pure white perianth of firm substance. Large cup of a delicate pale primrose nicely frilled. 12 for \$1, 100 for \$7.50.

Mrs. Langtry. White perianth, cup edged lemon-yellow when opening, but soon becomes pure white. Rapid multiplier and free flowering. One of the best for naturalizing. 12 for 50c, 100 for \$3.00.

Mrs. Nettie O'Melveny. A delightful flower attractively poised on a tall stem. Pure white perianth, small cup of clear lemon yellow with orange picotee. 12 for \$1.00.

Queen of the North. Broad glistening white perianth. Medium size lemon-yellow cup that is prettily fluted. A very attractive flower on a tall stem. 12 for 75c, 100 for \$5.00.

Silver Star. One of the very loveliest daffodils and now most moderate in price. Broad creamy-white perianth with a beautifully ruffled wide mouthed trumpet just a shade deeper. Unusually free flowering. See back cover. 3 for 40c, 12 for \$1.50.

ALL-TYPES COLLECTION OF NARCISSI-DAFFODILS

For those who wish a comprehensive collection of many groups of narcissi-daffodils, we are making this money-saving offer. These varieties are all standard dependable sorts that will give a beautiful display for weeks: King Alfred, Mme. de Graaf, Spring Glory, Sir Watkin, Early Surprise, Queen of the North, Single Jonquil, Elvira, Glory of Lisse and Sulfur Phoenix. Large double nose bulbs, 10 each (100 bulbs) value \$7.50, for \$6.50; 5 each for \$3.40. Large round bulbs, 10 each (100 bulbs) value \$6.00, for \$5.00; 5 each for \$2.65.

Jonquilla and Jonquil Hybrids

Division 7. All varieties of narcissus jonquilla parentage.

Odorous Camperelli (The Single Jonquil). Two to four beautiful bright yellow flowers on a tall round stem. Delightfully fragrant. Foliage erect and rush-like. Makes very attractive clumps for the border. 12 for 75c, 100 for \$5.00.

Golden Sceptre. A hybrid of a single jonquil and large daffodil having the color, fragrance and graceful proportions of the former with a daffodil-like trumpet. Tall stem and attractive foliage. Remains in bloom for an exceptionally long time. 12 for 90c, 100 for \$7.00.

Jonquilla Simplex. The true single sweet jonquil of light growth bearing charming clusters of numerous small rich yellow flowers of most delicious fragrance. 12 for 80c.

Orange Queen. A very striking variety of intense golden orange. Cup prettily fluted. Delightfully fragrant. Two to three flowers on wiry stem produced in great profusion. The gayest of the lot for garden or cutting. 12 for \$1.25.

Tullus Hostilius. Of the jonquil yellow trumpet type. Two or three golden yellow flowers of remarkable substance. 12 for \$1.25.

Horace

Poeticus Narcissi

Division 9. The true Poet's Narcissus. Pure waxy white perianth, flattened eye or cup of yellow or yellow and red.

Actaea. Considered by many as the largest and most beautiful Poeticus in existence. Broad snow-white perianth of great substance, with large eye, broadly margined dark red. Each 40c, 12 for \$4.00.

Edwina. Purest white perianth broad and overlapping. The very flat cup is yellow edged with bright red. Fine form and substance. 3 for 45c, 12 for \$1.50.

Glory of Lisse. Large snowy white perianth of heavy texture. Cup yellow edged red. An improved Poeticus Ornatus. 12 for 70c, 100 for \$5.

Horace. Large star-shaped perianth of broad gleaming white petals. Flat red eye. Graceful and free blooming. 12 for 80c, 100 for \$6.00.

Recurvus. The old-fashioned Pheasant's Eye. Perianth pure white somewhat reflexing. Small orange-red cup. Fine for massing in borders or grass. Very late. 12 for 50c, 100 for \$3.00.

Double Narcissi

Division 10. Full double flowers of white, cream and yellow in a variety of attractive forms.

Albus Plenus Odoratus. (Double white Poeticus). Snowy-white sweet scented, gardenia-like flowers much prized for cutting. Likes deep cool soil, not too dry. The latest narcissus. 12 for 75c, 100 for \$5.00.

Cheerfulness. The double Elvira. Beautiful flower with broad white outer petals and creamy yellow center. 3 for 45c, 12 for \$1.50.

Mary Copeland. One of the most famous of the new semi-double type. The longer petals are pure creamy-white, interspersed with shorter petals of lemon and brilliant orange, giving a 3-color effect. Each \$1.00.

Sulfur Phoenix (Coddins and Cream). Beautiful sulfur-white flower. A large informal type of flower on a long flexible stem. 12 for 75c, 100 for \$5.00.

Double Narcissus—The Pearl

The Pearl. Each year we find that this lovely creamy white narcissus becomes more popular. The flowers are very gracefully formed—not too double—and are borne in profusion. The stems are strong but not too stiff. Blooms well in many warm climates where *Albus Plenus Odoratus* comes blind. 12 for 80c, 100 for \$5.00.

Snowsprite. A double Leedsii. Pure white interspersed with very light lemon. Tall stems. Very late. 12 for \$1.50.

Twink. One of the fine new varieties that are rapidly replacing the old sorts. Large flowers of the semi-full type with alternate petals of soft primrose and clear orange. Early and long lasting. Strong tall stems. Each 20c, 12 for \$2.00.

Hints On Growing Daffodils

Like all other bulbs, narcissi-daffodils repay us for giving them the proper care by producing more and better flowers. Start with good bulbs; this almost guarantees flowers for the first year. See that the soil is well prepared. This means deep digging and plenty of plant food, especially phosphates and potash. Early planting is advisable. September is the best month for most parts of the country. Cover the tops of the bulbs about 4 inches, and in cold climates mulch well after the ground has frozen. It is a mistake to leave the bulbs too many years without resetting them. They become crowded and fail to bloom. About every third year, dig the bulbs when the tops have ripened. Store in a cool, airy place and reset in the fall. Never move the bulbs before or during blooming time as it will injure their growth very severely.

Poetaz Narcissus Elvira

Poetaz Narcissi

Division 8. Hardy bunch-flowering hybrids of *Poeticus Ornatus* and *Polyanthus Narcissi* such as *Soleil d' Or*. Tall vigorous growers, bearing heads of large, well-formed fragrant flowers. Excellent garden flowers and very early forcers.

Abundance (Helios). Creamy yellow perianth with darker yellow cup. Five to seven flowers on stiff, strong stem. Very free flowering. 12 for 80c, 100 for \$6.00.

Admiration. Beautiful large clusters of about six flowers. The perianth is a soft sulphury-yellow, the cup rich orange-scarlet. Highly recommended. 3 for 50c, 12 for \$1.75.

Cheerfulness. See double narcissi.

Elvira. Three or four large flowers with white petals and yellow cup, edged orange. The flowers are held erect on a strong tall stem with good foliage, making it a very effective variety for garden decoration. 12 for 60c, 100 for \$4.00.

Glorious. A very fine outstanding flower. Each tall stem bears two or three very large flowers with broad poeticus type perianth and orange-scarlet eye. Particularly recommended for partial shade. Each \$1.00.

Orange Cup. Nice clusters of six to eight flowers. The perianth is soft yellow, the beautifully frilled cup is bright orange-red. Lasts better in partial shade. 12 for \$1.00.

Mixed Poetaz Narcissi. An excellent mixture containing all the different colors. 12 for 70c, 100 for \$5.00.

Tazetta or Polyanthus Narcissi

Division 8. Bunch flowering narcissi used so extensively for forcing in water and fibre.

Chinese Sacred Lily. Large clusters of white flowers with yellow cups. Each bulb produces several spikes of the fragrant flowers. Very easily grown in bowls of pebbles, or fibre, and water. Each 10c, 12 for \$1.00.

Grand Soleil D'Or. This variety has been extensively used for forcing but its usefulness out of doors has been too often overlooked. It is as hardy as many of the daffodils. Large clusters of dark yellow flowers with bright orange cups. Tall growing and vigorous. Healthy home grown bulbs. 12 for \$1.00.

Paper White Narcissus. The most popular bulb for forcing in water. Large clusters of pure white, fragrant flowers. We consider the Chinese Sacred Lilies more satisfactory. 12 for 75c, 100 for \$5.00.

Unless otherwise specified, all narcissus bulbs are the large double nose grade. These will produce two or more flower spikes the first season.

LITTLE DAFFODILS FOR ROCK GARDENS

These are distinctive sorts quite apart from the general run of narcissi-daffodils. All are hardy and easily grown and would be quite at home in rock gardens. The first three are Triandrus hybrids.

Agnes Harvey. An exquisite little flower of purest white unmarked by any color. Each stem carries one or two flowers with starry perianth and short trumpet. **Each 20c, 12 for \$2.00.**

Queen of Spain. A wild hybrid discovered in Spain. One of the most distinct and graceful daffodils. Highly recommended for naturalizing and rock gardens. Soft delicate canary yellow with gracefully reflexing perianth. Height 12 inches. **Each 20c, 12 for \$2.00.**

Thalia. One of the loveliest flowers imaginable. Each stem bears two to four charming flowers of purest white. It is so graceful that it is known as the Orchid Narcissus. **Each 30c.**

Bulbocodium Conspicuum. The yellow Hoop Petticoat, flowers rich golden yellow, of hoop-petticoat form and rush-like foliage. Height 6 inches. It blooms from the end of February to early in March, and prefers a sandy peat soil with a fair amount of moisture while in growth, but not in summer. **12 for 80c.**

Jonquilla Simplex. See page 6.

Canaliculatus. A dainty little polyanthus narcissus suitable for sunny situations in the rock garden. Small heads of three or four flowers, with white perianth and golden cup on six-inch stems. **12 for 80c.**

February Gold (Cyclamineus Hybrid). A very early little golden daffodil. The trumpet is slightly shaded orange. The perianth is beautifully reflexed. Very distinct. **Each 20c, 12 for \$2.00.**

SPRING CROCUSES

Because of their brightness and cheer at the beginning of spring the crocuses have a place in our affections quite apart from other flowers. Everyone heralds the finding of the first crocus as a great event. It is such a cheery little flower and blooms before most other flowers awaken from their winter's sleep.

They like a light sandy loam and if planted 2 or 3 inches deep will continue to increase from year to year. If planted in grass the crocus foliage should be given a chance to ripen before it is cut off.

No Bulbs After November 15

Large Flowering Varieties

Enchantress. Very pleasing shade of bright porcelain blue, large flowers. Very early. **12 for 40c, 100 for \$3.00.**

Grand Lilac. True lilac in color. Large blooms of good lasting quality. The best of its color. **12 for 40c.**

Kathleen Parlow. Large pure white flowers of strong texture and longer lasting than other whites. Conspicuous orange anthers. **12 for 40c, 100 for \$3.00.**

King of the Whites. Large flower of purest white with large orange stigmata. **12 for 40c, 100 for \$3.00.**

Mammoth Yellow. The most popular of all crocuses. The large golden yellow flowers are produced in the greatest abundance. Mammoth size bulbs, **12 for 45c, 100 for \$3.00.** Large bulbs, **12 for 35c, 100 for \$2.50.**

Maximilian. Pure porcelain blue. The large delicately colored flowers are freely produced. **12 for 40c, 100 for \$2.75.**

Pallas. Extra large flowers striped lilac on a white ground. The general effect is light lavender blue. Fine flower. Increases rapidly. **12 for 40c, 100 for \$2.75.**

Purpurea Grandiflora. Rich deep blue purple. The extra large beautiful flowers have unusual substance. **12 for 50c, 100 for \$3.50.**

Remembrance. Very large flowers of deep purplish blue. This early blue is one of best to plant with Mammoth Yellow. **12 for 45c.**

Striped Beauty. The finest of the striped crocuses. The very large flowers are delicately colored with narrow lavender stripes on white ground. **12 for 40c.**

Ten largest size bulbs of the above 10 splendid giant crocuses. **100 bulbs for \$2.75.**

Mixed Large Flowering Crocuses. A well blended mixture of the above varieties. Largest bulbs, **12 for 40c, 100 for \$2.75.**

All Colors Mixed. Good blooming size bulbs in a well-blended mixture of all the different colors. **25 for 50c, 100 for \$1.75.**

Spring Flowering Species

These are delightful little flowers blooming in late winter or earliest spring. They are more adapted to naturalizing than the large flowering types and may be left undisturbed for years.

Sieberi (Winter blooming). Charming flowers of delicate blue with golden base and orange stigmata. **12 for 50c.**

Susianus (Cloth of Gold). Deep golden yellow feathered deep purplish black on the outside. Very free flowering. **12 for 40c.**

Tommassinianus. Pale lavender, outside silvery grey, orange stigmata. Continuous bloomer. One of the best to naturalize. **12 for 40c.**

One dozen each of these charming little crocuses for **\$1.20.**

Autumn Flowering Crocuses

No Bulbs After October 15

The airy and lovely blossoms are very effective as they arise from the soil with no foliage.

Sativus (Saffron Crocus). Large flowers of purplish lilac, feathered violet, with showy orange-red stigmata. **12 for 60c.**

Speciosus. Large violet-blue flowers, beautifully veined, with a bright yellow throat and orange-red anthers. Later and darker than Zonatus. **12 for 50c, 100 for \$3.00.**

Speciosus Aitchisonii. Long handsome flowers with sharp tapering petals of lavender feathered a deeper shade. Silver flush on outer petals. Very late. **12 for 75c.**

Zonatus. Beautiful flowers of soft rose lilac with a yellow throat. Very free flowering and easy to grow. **12 for 50c, 100 for \$3.00.**

See page 19 for other Autumn Flowering Bulbs.

HYACINTHS

No other early spring plant provides us with such a wide range of joyful coloring along with the most delightful fragrance. Hyacinths are very easily grown out-of-doors—a good fertile soil with decent drainage is all they ask. They are the easiest of the bulbs to force either in pots with soil or in glasses of water. Always make sure of good root growth before bringing them in to the heat. Then see that they have plenty of water and are not too warm.

It is a great error to think that you need the great over-fed “top size” bulbs to get good spikes of bloom in hyacinths. The medium or “bedding size” is the most satisfactory for outside planting and force splendidly. We know for we flower a lot of them each year.

No bulbs available after December 20th.

Prices of Hyacinths:
Each 12c, 12 for \$1.20, 100 for \$9.00

Single Hyacinths

City of Haarlem. The finest of the yellows. Large well formed trusses of golden yellow changing to creamy yellow with age. An excellent variety for forcing or bedding.

Duke of Westminster. The large bells are deep and glistening purplish blue with white centers. A striking and outstanding variety.

Grand Maitre. Very beautiful clear porcelain blue. Long compact spike of large bells on a strong stem.

King of the Belgians (Roi des Belges). Fine clear scarlet on strong stems. Holds its color well.

King of the Blues. Finest dark blue. Splendid large truss with dark violet-blue bells. Beautiful rich color.

Lady Derby. Beautiful clear rose-pink. Extra large truss with a strong stem. Good forcer.

La Grandesse. The finest and most showy pure white. Long full truss of perfect form with fine waxy bells.

La Victoire. Shiny dark pink usually described as red. Earlier than the other varieties in this list.

L’Innocence. Large compact spikes of clear waxy white. The loveliest pure white imaginable.

Orange Boven (Sunburst). A new and distinct color in hyacinths—beautiful shadings of orange and salmon. Fine large spike.

Queen of the Blues. Clear sky blue with silvery reflex. Strong grower and very beautiful.

Queen of the Pinks. Compact spike of deep rose-pink. Good color and substance. One of the best for bedding.

Yellow Hammer. Compact spike of deep creamy yellow. Early.

Mixed Hyacinths. A general mixture of all the above varieties. You may specify the kinds desired if you wish to.

Three each of any twelve varieties of single hyacinths (36 bulbs) for \$3.50.

Lady Derby

Double Hyacinths

Of the late years the double hyacinths have not been grown as much as they deserve. Our showing of these varieties attracted a great amount of attention this spring.

Chestnut Flower. A splendid variety with large double flowers of an exquisite soft pink.

Garrick. Fine tall spikes of deep bright blue.

La Grandesse. Very large bells of purest white. Four each of these beautiful double hyacinths for \$1.20.

Culture of Tulips

Tulips should be planted in September or October for the best results. We find earlier planting gives better results than late, although in this climate tulips can be planted as late as December. While a great part of the size of the blooms is determined by the size of the bulbs planted, it is essential that the bulbs be provided with a liberal supply of plant food. Bone meal is always recommended but we prefer a well balanced plant food such as Vigoro. If manure is used be sure it is well rotted and worked carefully all through the soil. Cover the bulbs about four inches and where the winters are severe mulch with straw or dry leaves after the ground is frozen. Lift the bulbs every year when the leaves are turning yellow. Dry carefully. Do not expose the bulbs to the sun or wind. In the fall clean off all old loose skin, roots, etc., and reset again.

COTTAGE AND NEW

Dido

ORANGE, SCARLET AND RED

Advance. (1) An outstanding new tulip. Immense flowers of brilliant red with rosy flush. Strong stem and vigorous grower. Similar to Mayflower but earlier. (28-in.) Each 20c, 12 for \$2.00.

Gesneriana Spathulata (Red Rocket). (3) Rich crimson-scarlet with a steel blue base. A long-pointed flower that opens up like a brilliant poppy. (24-in.) 12 for 70c, 100 for \$5.00.

Grenadier. (2) Certainly this is one of the most brilliant of all tulips. Dazzling orange-scarlet with yellow base. The large flowers have sturdy stems of medium height making this one of the finest late tulips for bedding. (21-in.) 12 for 70c, 100 for \$5.00.

Inglescombe Scarlet. (3) Brilliant scarlet with black base. Long slender pointed petals. (24-in.) 12 for 60c.

Jeanne Desor. One of the most striking and beautiful new hybrid tulips. Deep orange-yellow with a border of scarlet toward the edge of the petals that broadens as the flower matures. 12 for 90c.

La Merveille. (4) Orange-scarlet flushed rose with yellow base. Large flower of beautiful long shape. Delightfully fragrant. (20-in.) 12 for 60c, 100 for \$4.00.

Mayflower. (2) This and Advance form a pair of the largest and finest tulips in existence. Fiery red with a shading of rose, blue base. (28-in.) Each 30c, 12 for \$3.00.

Orange King. (3) Glistening deep orange shaded rose with yellow base. Large globular flower. Sweet scented. (23-in.) 12 for 60c, 100 for \$4.00.

Included with the charming Cottage Tulips are some of the new Hybrid Tulips—the finest examples of the hybridizer's art. While many of the older varieties were exceptionally graceful with their pointed petals and slender stems, among these new hybrids are some of the largest and most dazzling tulips in existence. The Cottage Tulips bloom with the Darwin and Breeders and are called on to supply most of the fine yellow varieties for planting with the latter sorts. For cutting they are the most graceful of tulips and some of the shorter kinds with their brilliant colorings are unsurpassed for bedding.

The numbers 1, 2, 3 and 4 indicate relative time of flowering, those numbered (1) being the earliest. The other numbers in parentheses denote height.

PINK AND PINK BLENDS

Adonis. (Lily flowering). Long-shaped flower with reflexing petals. Vivid cerise red with white base. 12 for 70c, 100 for \$5.00.

Barbara Pratt. One of the most beautiful of the new hybrid tulips. Color is a radiant cherry pink that does not fade in the sun. The flowers have a charming form with slightly reflexing petals. (36-in.) 12 for \$1.50.

Dido. (3) Rich orange-rose with shadings of salmon and orange yellow. One of the loveliest tulips ever introduced. The flowers are very large and well formed. (30-in.) 12 for 75c, 100 for \$5.50.

Fairy Queen. (3) Unusual combination of rose-lilac with amber-yellow margin. Large oblong blossom. (20-in.) 12 for 60c.

Inglescombe Pink. (2) Soft rosy pink flushed salmon, changing to rose when in full bloom. A splendid cut flower. Very free flowering. (26-in.) 12 for 55c, 100 for \$3.50.

John Ruskin. (3) One of the most graceful and charming of the cottage tulips. Long egg-shaped flower of salmon-rose edged soft yellow. Inside shaded rosy-lilac. (18-in.) 12 for 60c, 100 for \$4.00.

Marcellina (Lily flowering). This splendid new tulip is beautifully pictured on the front cover of the April Sunset magazine. The color is carmine-rose with lighter edge and white center. The improved Sirene, 12 for 90c, 100 for \$7.00.

Marjorie Bowen. One of the lovely blends that make the new hybrid tulips outstanding. Deep rose pink with salmon shading, inside gorgeous orange with clear yellow base. (28-in.) 3 for 40c, 12 for \$1.40.

Picotee (Maiden's Blush). (3) Opens pure white. Later the gracefully reflexing pointed petals become beautifully margined and penciled with bright pink. An especially charming cut flower. (22-in.) 12 for 60c, 100 for \$4.00.

Rosabella. "It looks like a large pink rosebud." Luminous rose with broad pink edge, inside beautiful shell pink. Strong, tall stems. (27-in.) 12 for 75c.

Sirene (Lily-flowered Tulip). (2) The long petals are sharply pointed and curve outward, giving the flower a true lily form. The color is a most beautiful shade of cerise-pink with a pure white base. One of the most beautiful cut flowers among the tulips. 12 for 70c, 100 for \$5.00.

The Fawn. (3) Rosy-fawn color changing to soft rose. A graceful tulip of unusual color. (20-in.) 12 for 60c, 100 for \$4.00.

HYBRID TULIPS

YELLOW AND WHITE

Adriani. (4) One of the loveliest of clear prim-rose-yellow tulips. Inside creamy-yellow with deeper yellow base. Yellow stamens. (25-in.) 12 for \$1.00, 100 for \$7.50.

Alaska. (3) This is a fine tulip of clear soft uniform yellow. Charming long flower with slightly reflexing petals. 12 for 80c.

Albino. Beautifully formed pure white flower of excellent substance. Ivory stamens. Strong stems. 12 for 90c, 100 for \$7.00.

Bouton d'Or. (2) Deepest golden yellow with black anthers. Very substantial cup shaped flower of medium size. (20-in.) 12 for 60c, 100 for \$4.00.

Carrara. (2) A lovely snow-white tulip with yellow anthers. The broad round petals have good substance. The flower is large and of good lasting quality on strong stem. (24-in.) 12 for 90c, 100 for \$7.00.

Ellen Willmott. (4) A long pointed flower of soft creamy yellow on a tall strong stem. Deliciously scented. (30-in.) 12 for 65c, 100 for \$4.50.

Gesneriana Lutea. (3) Tall and handsome flower of deep yellow. Vigorous grower with fine stem and foliage. (24-in.) 12 for 65c, 100 for \$4.50.

Inglescombe Yellow. (4) The most popular of all yellow tulips. Large globular flowers of glossy canary yellow. Free flowering and increases rapidly. Often called the "yellow Darwin" as it has the true Darwin shape. (25-in.) (See inside front cover.) 12 for 50c, 100 for \$3.50.

Marion Voorhees. Clear buttercup yellow. Yellow base and anthers. A large but very graceful flower of good substance on a strong stem. 12 for \$1.25.

Moonlight. (1) Lovely shade of soft pale yellow. Large flower of a fine oval shape. (25-in.) 12 for 70c, 100 for \$5.00.

Mrs. F. E. Dixon (Sulphur Beauty). One of the finest of all Cottage tulips. Immense flowers on strong, stiff stems. The softly colored sulphur-yellow blossoms have an unusual wax-like texture. (28-in.) Each 25c, 12 for \$2.50.

Mrs. Moon. (4) Rich golden yellow. One of the finest late tulips. The blooms are large with pointed petals and are carried on tall, strong stems. (25-in.) 12 for 70c.

Nathaline May. A very tall, graceful show tulip, opening sulphury white, as it develops becoming pure white, with some hardly noticeable crimson spots. Black anthers. (32-in.) 12 for 85c.

White Ensign. (Lily flowering). Creamy white, turning pure white. A large flower of fine form and substance on a strong tall stem. (34-in.) Each 35c, 12 for \$3.50.

Mixed Cottage Tulips

Rich yellows, bright reds, pure white and rosy pinks are some of the colors in this mixture. It is compounded from the named varieties of our selection. For a colorful bed or for cut flowers this mixture is strongly recommended. 12 for 50c, 100 for \$3.00, 1000 for \$27.50.

Fantasy

Collection of Cottage Tulips

Six of the best liked varieties in a money saving collection. For the border or for graceful cut flowers these varieties are excellent. La Merveille, Inglescombe Yellow, Picotee, Inglescombe Pink, Gesneriana Spathulata and Orange King.

6 each (36 bulbs) for \$1.65, 12 each (72 bulbs) for \$3.20, 25 each (150 bulbs) for \$5.40.

Parrot Tulips

The unusual form and striking colorations of these tulips make them most suitable for cut flower purposes. The flowers are very large with deeply lacinated and encrusted petals. The older varieties are scarcely able to hold up their heads but Fantasy stands up as erect as a Darwin.

Admiral de Constantinople. (2) Brilliant scarlet with orange markings. 12 for 75c.

Cramoisi Brilliant. (2) Rich blood-crimson with purplish black markings. 12 for 75c.

Fantasy. (3) One of the outstanding tulips of recent years. A sport of Clara Butt with strong tall stem and blossom of enormous size. The inside of the flower is geranium-red. The outside is salmon-pink to scarlet with apple green marks and encrustations. 12 for 80c, 100 for \$6.00.

Gemma. White petals tinted with pink. Slightly feathered and frilled. A sport of the early tulip, La Reine, and flowers with the early tulips. Beautiful cut flower. 12 for \$1.00.

Lutea Major. (2) Lovely clear yellow with green and red markings. 12 for 75c.

Mixed. A splendid mixture of these striking tulips in their gay shades of red, orange, yellow, etc. Strong bulbs. 12 for 70c, 100 for \$5.00.

Venus

VIOLET AND PURPLE

Faust. (2) Dark satiny purple-maroon. Enormous oval flower of good form and substance. One of the finest dark varieties. 12 for 75c, 100 for \$5.50.

La Tulipe Noire (The Black Tulip). (3) Very dark maroon-black. Fine large flowers of velvety texture. (26-in.) 12 for 70c, 100 for \$5.00.

New Orleans. (3) Large substantial flower, rich pansy violet merging into dark crimson. Base, indigo blue; anthers, black. A most unusual color. (28-in.) 12 for \$1.50.

The Bishop. (3) The finest variety in its color class—violet purple. A very impressive flower of great size on a strong stem. (29-in.) 12 for \$1.20.

Farncombe Sanders

GIANT DARWIN

The Darwin Tulips are noted for their large substantial cup-shaped flowers on strong tall stems. The colors include all shades of pink and red to nearly black maroon. The slaty-blues and blue-violets approach closely to blue. Among the newer varieties are some wonderful white and yellow sorts but the Cottage Tulips are usually called on to supply the yellow shades.

The numbers 1, 2, 3 and 4 indicate relative time of flowering, those numbered 1 being the earliest. All remaining tulip bulbs withdrawn from sale December 15th.

SHADES OF RED

Bartigon. (2) Fiery crimson shading to scarlet at the margin. Splendid for forcing. (24-in.) 12 for 60c, 100 for \$4.00.

City of Haarlem. (3) A very handsome cardinal-red tulip of large size and good substance. The steel blue base and white halo adds to the striking appearance of this wonderful tulip. 31 in. 12 for 80c, 100 for \$6.00.

Eclipse. (2) Glowing blood red of deep rich shade. Steel blue base with white margin. The huge flowers are very substantial with remarkable lasting qualities. The stems are strong and firm. One of the finest of all of the deep red tulips. (30-in.) 3 for 40c, 12 for \$1.40.

Farncombe Sanders. (2) One of the best red tulips grown. Vivid rose-scarlet with white base. Large flower of perfect shape on a strong stem. (28-in.) 12 for 60c, 100 for \$4.00.

King George V. (3) Brilliant cherry-rose. Splendid large flower of unusual substance on a strong stem. One of the finest tulips. (28-in.) 12 for 85c, 100 for \$6.25.

King Harold. (3) Deep ox-blood red with purple base. Large flower on a strong stiff stem. Excellent variety for the border. (24-in.) 12 for 60c, 100 for \$4.00.

Pride of Haarlem. (1) Enormous brilliant rosy-carmine flower on a very tall stem. Especially desirable because it comes so early. Sweet scented. Unsurpassed for borders. (30-in.) 12 for 60c, 100 for \$4.00.

Prof. Rauwenhoff. (2) Bright cherry red with glistening scarlet glow inside, brilliant blue base. Large substantial flower on a strong stem. (28-in.) 12 for 60c, 100 for \$4.00.

William Pitt. (2) Dark velvety crimson with purplish shade on outer petals. Excellent forcer and very showy in the garden. (24-in.) 12 for 65c, 100 for \$4.50.

LAVENDER AND LILAC

Bleu Aimable. (4) Clear lavender, shaded steel blue, with a white base. A beautiful flower of distinct shape. (26-in.) 12 for 70c, 100 for \$5.00.

Blue Perfection. (3) Bright, violet blue bordered heliotrope, white base. The petals are attractively pointed and reflexed. (29-in.) 12 for \$1.75.

Dream. (1) One of the most popular in this class. A soft heliotrope flower shading deeper on the inside on a tall graceful stem. Fine for cutting. (28-in.) 12 for 65c, 100 for \$4.50.

DARWIN TULIPS

Melicette. (3) The purest lavender Darwin. Soft lavender shading to light lavender at edges, inside deeper. Very lovely with soft yellow varieties. 12 for 80c, 100 for \$6.00.

Remembrance. (3) Silvery lilac shaded violet. Very effective when planted with yellow cottage tulips. (25-in.) 12 for 75c, 100 for \$5.00.

Rev. H. Ewbank. (1) Attractive lavender shading lighter at the edges. The flowers have excellent substance and are held on strong straight stems. Very lovely when combined with some of the softer yellow Cottage Tulips. (25-in.) 12 for 65c, 100 for \$4.50.

WHITE AND YELLOW

Yellow Giant. (3) Large finely shaped flower of pure golden yellow. Tall strong stem. One of the best recent introductions. 12 for 80c.

Zwanenburg. A majestic white tulip of beautiful form. Large substantial flowers on a tall stem. Highly recommended. 12 for 80c.

Mixed Darwin Tulips

A mixture of fine named Darwins, strongest in the pink and red shades with a moderate proportion of other colors. Very satisfactory where plantings of mixed colors are wanted. First size bulbs, 25 for \$1.00, 100 for \$3.50, 1000 for \$30.00.

DARWIN TULIP COLLECTION

Here are six fine Darwin Tulips that are universally liked. They are all strong, dependable varieties with large substantial flowers and strong stems. Each variety separately packaged and correctly labeled. Farncombe Sanders, Pride of Haarlem, Clara Butt, Dream, Faust, Princess Elizabeth.

36 bulbs (6 each, value \$1.88) for \$1.75.

72 bulbs (12 each, value \$3.75) for \$3.40.

120 bulbs (20 each, value \$6.25) for \$5.50.

PINK AND ROSE

Afterglow. (4) Soft apricot-orange shaded salmon at the edges. A beautiful large flower of unusual coloring. (30-in.) 12 for 70c, 100 for \$5.00.

Baronne de la Tonnaye. (4) Bright rose margined blush rose. Large well formed blossoms excellent for cutting. (26-in.) 12 for 60c, 100 for \$4.

Centenaire. (2) Rich violet-rose with large blue base. Large flower of splendid form and good substance. (32-in.) 12 for 70c.

Cherry Blossom. (1) Beautiful rose-pink sport of Pride of Haarlem. It has the large size, early flowering and other good qualities of the parent. The buds are rose-pink marked with green changing to light rose as it opens. 12 for 80c, 100 for \$6.00.

Clara Butt. (3) The loveliest and most popular pink tulip. The outside is clear true pink, shaded salmon. The inside is deeper pink. Should be planted in quantity for the garden and for cutting. Fortunately this beautiful tulip increases rapidly and we can make the price very reasonable. 23 in. 12 for 55c, 100 for \$3.50.

Eclipse

Princess Elizabeth. (2) Clear rose pink deepening in color with age. Fine for the border or forcing. (28-in.) 12 for 60c, 100 for \$4.00.

Princess Mary. (3) Considered by many as the finest and tallest of all rose pink tulips. Carmine rose with blush rose margin. A magnificent variety for exhibition or any other purpose. (35-in.) 3 for 40c, 12 for \$1.50.

Queen of Hearts. (2) A very pure shade of clear and soft rose pink. Very large, well-shaped flowers on tall stately stems. (30-in.) 12 for 80c.

Venus. (3) A beautifully formed flower of pure silvery rose. Considered by many as the loveliest of all pink tulips. (30-in.) 12 for 75c, 100 for \$5.00.

Bleu Aimable

MAJESTIC BREEDER TULIPS

The Breeder Tulips are noted for their deep rich coloring and artistic blending of shades, especially of purple, gold, bronze, maroon, buff, etc. Their size of flower and length of stem often exceed the Darwins. Many of them are very long lasting in the garden and offer unusual possibilities for cutting.

Bacchus. (3) Large long flower of rich violet-blue with grape-like bloom on the outer petals. Lasts a long time. (30-in.) 12 for 80c.

Bronze Queen. (2) Attractive soft buff with a suggestion of purple shaded with golden bronze. Inside golden bronze with bright yellow base. Large flower and vigorous grower. 12 for 60c, 100 for \$4.00.

Cardinal Manning. (4) Wine red flushed rosy bronze shading to lighter bronze at the edges. Large egg-shaped flower. (34-in.) 12 for 75c.

Cherbourg. (3) An enormous flower of a beautiful rounding form. The color is a lovely blending of deep yellow with a suffusion of terra cotta. (32-in.) 3 for 50c, 12 for \$2.00.

Dillenburg. (2) Probably the most admired tulip in our planting this year was this glorious salmon-orange flower. It is large, of an attractive long shape, and held high by a good strong stem. (32-in.) 12 for 80c.

Indian Chief. (3) One of the most artistic of Breeder tulips. The color is Indian brown, flushed coppery brown with a burnished metallic sheen. One of the largest tulips ever produced, with flowers 8 inches across, carried on strong 38-in. stems. 2 for 25c, 12 for \$1.25.

Jaune d'Oeuf (Sunrise). (3) Deep lemon-chrome with a slight flush of pale purple on the outer segments. Large oblong flowers on a tall strong stem. 12 for 70c.

Joy McArden (Orange Glory). Bright golden bronze overlaid with an orange sheen. Inside bright red-orange. Perfect cup-shaped flower. Lasts unusually well. 12 for 80c, 100 for \$6.00.

Louis XIV. (3) One of the finest of all tulips. The large long lasting flowers are deep purple shaded steel blue and edged golden brown. A wonderfully rich color combination. 12 for 80c, 100 for \$6.00.

Lucifer. (4) Dark orange shaded rose, inside scarlet-orange. A large bold flower that comes at the end of the season. (28-in.) 12 for 90c.

Madras. (3) A really brown tulip. The outside is dark golden bronze shaded violet. The inside is mahogany. (26-in.) 12 for 70c.

Medea. (3) Color is best described as crushed strawberry. The blossom is immense in size and supported by a very strong stem of medium height. (26-in.) 12 for 70c.

Pink Pearl. (3) The finest pink Breeder. Unusually large blossom of lilac-pink with a rosy bloom. Creamy white base. (27-in.) 12 for 80c.

Reve d'Or (Sunbeam, Alice Keith). Very bright orange-yellow, edged golden with golden bronze overtones. Becomes more beautiful as it ages. (27 in.) 12 for \$1.00.

Dillenburg

Roi de Siam. (4) A very fine strong growing tulip that comes at the last of the season. The color is a shining violet-purple shading lighter at the edges. Rather long pointed petals. (28-in.) 12 for 60c, 100 for \$4.00.

St. James. (3) Dark rosy lilac flushed bronze and edged golden brown. A beautiful tulip after the fashion of Louis XIV. 12 for 70c, 100 for \$5.00.

Tantalus. A new Giant Breeder tulip of light cadmium-yellow overlaid with dull violet. Immense cup-shaped flowers. (30-in.) Each 35c, 12 for \$3.50.

Velvet King. An immense flower often with an extra number of petals supported by an extra strong tall stem. The color is the richest of glossy royal purple set off by a small white base. (31-in.) 12 for \$1.00, 100 for \$7.50.

Conley's Selection of Giant Tall Stemmed Tulips

Darwin, Cottage and Breeder Tulips

If you are not familiar with tulip varieties and wish to leave the choice to us we will make up a collection that we think will please you. The ten sorts used will all be splendid ones in a wide range of color and form. Each variety labeled. All top-size bulbs. 10 each of 10 kinds, 100 bulbs, \$3.95. 25 each of 10 kinds, 250 bulbs for \$9.50.

SINGLE EARLY TULIPS

Because of their brilliancy of coloring coming so early in the spring, the early tulips have always been great favorites for garden display in formal beds and in clumps in the border. While the stems are not as long as the May flowering types, many of the varieties make delightful cut flowers. These are the tulips to use for early forcing.

Coleur Cardinal. A rich crimson tulip with a plum colored bloom on the outer petals giving an effect of unusual richness. Fine substantial flower of globular form on a strong stem. (13-in.) 12 for 70c.

Flamingo. Bright carmine-rose with a white stripe through the center of each delicately crinkled petal. (13-in.) 12 for 65c, 100 for \$4.50.

Fred Moore. Deep ruddy apricot shading to orange yellow at the edges of the petals. A lovely sweet scented flower that is splendid for cutting. (16-in.) 12 for 65c, 100 for \$4.50.

Gen. de Wet. One of the finest and most striking of the early tulips. Deep golden yellow flushed and stippled orange scarlet. Fragrant. The large flowers are held erect on a strong stem. (16-in.) 12 for 75c, 100 for \$5.50.

Keizerskroon. One of the greatest favorites for bedding. Very large flowers of bright crimson scarlet with a wide border of clear yellow. (15-in.) 12 for 80c, 100 for \$6.00.

Lady Boreel. A pure white flower of splendid shape and large size. The finest white for bedding. (14-in.) 12 for 80c.

Mon Tresor. One of the best yellows for bedding or forcing. Large pure golden yellow of handsome form. (13-in.) 12 for 75c, 100 for \$5.50.

Pink Beauty. One of the largest and most beautiful early tulips. The heavy fleshy petals are bright cherry-pink with a conspicuous white stripe. 12 for 80c, 100 for \$6.00.

Prince of Austria. A very showy variety, brick-red shading to buff-orange. Sweet scented, beautiful form. (15-in.) 12 for 70c, 100 for \$5.00.

Vermilion Brilliant. One of the most brilliant red tulips, glistening scarlet with yellow base. Splendid for early forcing or for bedding. (12-in.) 12 for 70c, 100 for \$5.00.

Mixed Early Tulips. A special mixture made up from our named varieties. This assures you a good assortment of colors. 12 for 60c, 100 for \$4.00.

Collection of Single Early Tulips

50 Bulbs for \$2.25, Postpaid

Five colorful varieties chosen to give excellent results for bedding or forcing. Wide range of attractive coloring. Each variety named and bagged separately. Ten bulbs of each variety (50 bulbs) \$2.25.

DOUBLE EARLY TULIPS

The flowers of these double tulips are so large that they form wonderfully effective blocks of color. The blossoms are long lasting, too. They are excellent for forcing but should not be brought in very early.

Boule de Neige. Large peony-like flowers of pure white on a strong stem. 12 for 75c.

Electra. Beautiful deep rose with a tinge of violet. Enormous flowers of great beauty. (13-in.) 12 for 75c.

Marechal Neil. A splendid new variety. Soft canary yellow tinted salmon. 12 for 80c.

Mr. Van der Hoeff. Without doubt one of the finest golden yellow double tulips. Very large fully double flowers. (12-in.) 12 for 75c.

Peach Blossom. Large very double flowers of a most delightful bright pink flushed white. Always greatly admired in our plantings. 12 for 75c.

Vuurbaak. Brilliant scarlet with an orange hue when fully open. The finest double scarlet tulip. 12 for 80c.

Mixed Double Earlies. A splendid mixture composed of the above varieties and many others in a wide color range. 12 for 70c, 100 for \$5.00.

COLLECTION OF DOUBLE EARLY TULIPS

Six each of the above six splendid named varieties for \$2.00, 12 each for \$4.00.

BOTANICAL TULIPS OR SPECIES

We are listing here some of the finest tulip species. Since they are the ones that grow readily under garden conditions they are moderate in price. They may be planted in deep sunny pockets in the rock garden or other places where they will have deep soil, good drainage and plenty of sun. Plant 5 to 7 inches deep and do not disturb for several years.

Clusiana (Candlestick or Lady Tulip). A charming little flower of bright rose edged white. Slender tall stem and very narrow long foliage. (14-in.) 12 for 75c, 100 for \$5.00.

Eichleri. Large flowers of brilliant crimson scarlet with a glistening black center marked gold. Very effective in the rock garden or border. With us it is as easy to grow as the early tulips. 12 for 90c, 100 for \$7.00.

Fosteriana Red Emperor (Madame Lefebvre). One of the most extraordinary tulips ever introduced. Very large long petals of vermillion-scarlet with black base, bordered yellow. Earlier than most of the single early tulips. (18-in.) Each 60c.

Gregii. This variety created a sensation in our plantings this year. The flowers are simply huge and of a most vivid shade of orange-scarlet. The foliage is unlike any other tulip—mottled with brown purplish dots. Each 50c, 12 for \$5.00.

Kaufmanniana (Waterlily Tulip). Large creamy flowers marked on the outside with carmine. In the sun the flower opens flat showing the yellow center. The earliest of all tulips. (8-in.) 12 for \$1.

Marjoletti. Pale yellow flowers with the exterior base rosy red. Very charming for cutting. (16-in.) 12 for \$1.00.

WEST COAST NATIVE BULBS

Camassia Leichtlinii

Camassia (Camas)

An Oregon native that is perfectly hardy and succeeds in places where other bulbs could not live. They are often found in low wet places submerged in the winter and baked hard in the summer. They take kindly to cultivation and do well under ordinary garden conditions or when naturalized along the sides of streams and ponds or in the open woods. Plant in the fall about four inches deep, preferably in clumps of a dozen or more. The bulbs may be left undisturbed for years.

Cusickii. This rather scarce species produces bulbs of enormous size. From them arise numerous wide gray-green leaves. The erect spike bears a great number of medium sized blossoms of soft blue-lavender. **Each 20c, 12 for \$2.00.**

Leichtlinii. We consider this the finest of all Camassias, and it certainly deserves a place among the choice plants in any garden. The blossom spikes have been likened to Eremuri, although the stems are not as tall, but the individual flowers are more attractive. Well-grown plants often have stems up to 4 and 5 feet with as many as 100 buds that open in long succession. Foliage is heavy and deep green. The beauty of the blue types is greatly enhanced by the bright golden anthers. We can supply (1) creamy white, (2) intense deep blue, (3) bright medium blue, and (4) a mixture containing all these colors. **12 for 75c, 100 for \$5.00.**

Quamash. Clear deep blue flowers on stems about 2 feet tall. Showy in masses. **12 for 50c, 100 for \$3.00.**

Brodiaeas

Hardy and easily grown in almost any soil that has good drainage. Plant about 3 inches deep in sun or light shade where they can be left alone. A mulch of leaves in the winter is advisable where the winters are severe.

Capitata. A close cluster of violet-blue flowers on slender stems about 2 ft. high. A long lasting cutflower. **12 for 50c.**

Coccinea (Brevoortia Ida-Maia). Floral Firecracker. Each stem bears a head of brilliant crimson red tubular flowers with pea-green tips. Stems 1-2 ft. **12 for 70c.**

Grandiflora (Harvest Brodiaea). A few large glossy purple flowers of great beauty make up

the umbel of this variety. Very long lasting. Naturalizes easily, especially in clay soil. **12 for 50c, 100 for \$3.00.**

Hendersonii. This pretty species has a head of eight to twelve tubular flowers, soft yellow with a purple line down the center of each segment. About 12 inches high. **12 for 60c, 100 for \$4.00.**

Lactea. Numerous cupped florets of white with green midrib on stems about 2 ft. high. **12 for 50c.**

Laxa. "Blue milla." The fine blue flowers grow in a large wide spreading umbel. One of the best for naturalizing. **12 for 60c.**

Mixed. A splendid assortment of the different types. The price is made low to encourage wider use of this fine flower. **12 for 35c, 100 for \$2.50.**

Calochortus

These lovely bulbous plants are becoming more used each year as gardeners learn of their exquisite beauty.

(Globe Tulips)

Albus (White Fairy Lantern). Exquisite white flowers with faint greenish tinge, almost translucent. From each stem, about 9 inches tall, swing gracefully many of the little lantern-like flowers. **12 for 50c, 100 for \$3.50.**

Amabilis. Several clear yellow flowers on strong branching stems about a foot high. Like partial shade and loose soil containing leaf mold. **12 for 60c.**

Amoenus. A very beautiful plant similar to Albus, but bearing numerous globes of soft rose pink on slender branching stems. **12 for 60c; 100 for \$4.00.**

(Mariposa or Butterfly Tulips)

Eurocarpus. Very showy large flowers of white with a large purple blotch on each petal. Each slender 12 to 15-in. stem carries an umbel of several flowers. Very hardy. Needs good drainage and should dry out well in summer. **12 for 60c.**

Macrocarpus. Exquisite lavender flowers with a greenish band down the back. One or two large flowers on stiff stems about a foot high. Likes same conditions as Eurocarpus. **12 for 60c.**

Venustus Eldorado. A wonderfully varied mixture. White, lilac to purple and pink to deep red, variously marked. Porous soil, either sun or light shade. **12 for 60c, 100 for \$4.00.**

Erythroniums

These lovely lily-like flowers are also known as Dog-tooth violets or Trout lilies. Their attractive appearance is increased by the richly mottled leaves. They prefer light shade and a moist but well drained soil rich in leaf mold. Plant about 3 inches deep.

Giganteum. Large creamy flowers with deeper center. Vigorous and easily grown. **12 for 60c.**

Hartwegii. Large flowers of creamy yellow shaded orange in the center. Stands more heat than other varieties. **12 for 60c.**

Hendersonii. One to four lily-shaped flowers of light purple with deep maroon center. Leaves mottled with dark brown. **12 for 50c.**

Revolutum Johnsonii. One of the most beautiful. Lovely rose-pink flowers and glossy leaves mottled with brown. **12 for \$1.00.**

Hardy Small Bulbs that Flower in Earliest Spring

Chionodoxa (Glory of the Snow)

Luciliae. Bright blue with pure white center. Often a dozen flowers on each five-inch stem producing a very delightful effect. In bloom before the crocuses. Should be planted in clumps three inches deep where they need not be disturbed for years. 12 for 40c, 100 for \$2.50.

Eranthis (Winter Aconite)

Hyemalis. With us this is usually the first flower of the new season — a cheerful bright flower like a golden buttercup above a collar of deeply divided green leaves.

They self-seed freely. Cover about two inches. 12 for 40c, 100 for \$2.50.

Galanthus (Snowdrop)

These are really winter flowers, coming into bloom whenever there are a few mild days in January or even December. When once established they increase by seeds and division.

Plant about two inches deep as early in the fall as possible.

Elwesii. Especially recommended for the warmer parts of the country where *Nivalis* does not do so well. Larger than the old fashioned type. 12 for 50c, 100 for \$3.50.

Nivalis. The old fashioned snowdrop. With us it is usually in bloom in January. 12 for 45c, 100 for \$3.00.

Muscari

Muscari (Grape Hyacinths)

Grape hyacinths are one of the most dependable of small bulbs for naturalizing. Each bulb bears several spikes that last a long while. Established clumps, particularly in partial shade, grow stems that are long enough for cutting. The bulbs are so inexpensive that they can be used in large masses.

Amethystinus (*Hyacinthus Amethystinus*). From the slender stems hang from 12 to 20 florets on curving pedicels. The wide-mouthed bells are a glorious clear China-blue with paler streak. Late May and early June. 12 for 50c.

Azureum. (*Hyacinthus Azureus*). A very pretty little sky-blue grape hyacinth that starts flowering very early and stays in bloom for a month or so. Splendid for rock gardens. 12 for 50c.

Armeniacum. This is a taller and stronger grower than Heavenly Blue. Each bulb produces many spikes of deep cobalt blue flowers. Strong spicy fragrance. 12 for 50c.

Heavenly Blue. Splendid variety for mass planting, increasing rapidly. Stays in bloom over a long period as each bulb throws several spikes of rich blue blooms. 12 for 35c, 100 for \$2.00.

Plumosus (*Feather or Plume Hyacinth*). A most unusual flower bearing large feathery plumes of violet blue. May flowering. 12 for 70c, 100 for \$4.50.

Scilla Campanulata

Scillas

The scillas are most satisfactory bulbs for naturalizing and borders. They thrive in woodland or full sun and increase in beauty from year to year. Rodents or insects do not bother them. The *campanulata* (*hispanica*) varieties have erect stems 10 to 12 inches high—higher in rich shady places. To obtain the best effects they should be left undisturbed for several years when they form good clumps.

Bifolia. Four to eight soft blue starry flowers on 3 or 4 inch stems. As they come very early, they are excellent companions for the *eranthis*, snowdrops, etc. 12 for 50c.

Campanulata (*hispanica*) **Alba Maxima.** Fine large flowering white. The spikes somewhat resemble Lily-of-the-Valley blossoms. 12 for 45c, 100 for \$3.00.

Campanulata Excelsior. Finest deep blue. Tall, vigorous grower. Highly recommended. 12 for 45c, 100 for \$3.00.

Campanulata Rosea. A very attractive shade of soft pink. Fine large spike. 12 for 45c, 100 for \$3.00.

Campanulata Mixed. A good mixture of all the above colors. 12 for 40c, 100 for \$2.75.

Nutans. The true English bluebell or wood hyacinth. An attractive flower more slender and graceful than the *campanulata* varieties. Very free flowering. Blue, rose, white, or mixed. 12 for 50c, 100 for \$3.00.

Sibirica. Of all the early spring flowers we think this has the most delightful color—the clearest intense blue with no markings. Each bulb produces several four-inch spikes bearing a number of the bright little star-shaped flowers. Remains in flower longer than most of the early spring bulbs. Plant three inches deep in shade or sun. First size bulbs, 12 for 40c, 100 for \$2.75.

Sibirica Spring Beauty. A greatly improved type. The blooms are very much larger on taller stems. The color is a brighter blue. 12 for \$1.00.

None of the little bulbs available after Nov. 15.

MISCELLANEOUS BULBS

Ranunculus Tecolote Giants

Anemones and Ranunculi

Half Hardy

These two flowers yield so many brilliant and delightful blossoms at such small cost that they should be used in quantity wherever they can be grown. Each root will produce a good-sized clump throwing 12 or 15 spikes lasting a long time. Along the Pacific Coast they can be wintered without difficulty. Where the winters are more severe they should be well protected or planted in the early spring. The best method of starting Anemones and Ranunculi is to place the roots in moist sand in a moderately warm place until new root growth starts, then plant out in loose sandy soil, covering about 2 inches deep. Make sure the drainage is good.

The bulbs we supply are No. 1 size, not to be confused with the puny little stock sometimes offered at very low prices.

ANEMONES

Anemone Monarch de Caen. A robust strain of the single poppy type anemone with immense flowers on long strong stems. The colors are shades of scarlet, pink, lavender and blue. 12 for 50c, 100 for \$3.00.

Blue Poppy. A beautiful strain all in shades of blue. Large flowers. 12 for 60c, 100 for \$4.00.

His Excellency. Vivid red flowers with a white base. Large single poppy type anemone. 12 for 60c, 100 for \$4.00.

St. Brigid-Creagh Castle. Large semi-double flowers in a wonderful assortment of delicate and brilliant shades of color including many rose, pink, lavender and blue. 12 for 60c, 100 for \$4.00.

RANUNCULI

Tecolote Giants Mixed. The finest strain of double and semi-double ranunculi. A wide range of marvelous colorings including yellow, pink, orange and red. 12 for 45c, 100 for \$2.75.

Gold. Beautiful large flowers of brilliant golden-yellow. Extra fine. 12 for 60c, 100 for \$4.00.

Pink Shades. A new selection of delightful pink flowers in many lovely shades. 12 for 60c, 100 for \$4.00.

Red Shades. Many shades of red, from orange-red to deep crimson. Large long-stemmed flowers, mostly double. 12 for 60c, 100 for \$4.00.

Baby Gladiolus

These are delightful little flowers for the garden and charming as cut flowers. Quite lacking in the stiffness of the large flowering types. Easily grown and hardy to about 10° F. In colder climates grow them in a frame or cool greenhouse. Plant in September or October about four inches deep and give some protection during very cold weather.

Nymph. A splendid new variety. Large wide-open white flowers with crimson markings.

Peach Blossom. Uniform delicate pink.

Spitfire. Brilliant salmon. Very fine.

The Bride. Lovely white.

Large healthy Northwest grown bulbs of the above varieties, separately or mixed, 12 for 70c.

Gladiolus Tristis Concolor (Night Scented Gladiolus). Carnation-like fragrance especially in evening and early morning. Pale creamy flowers on slender wiry stems. Earlier than the Baby Glads. 12 for \$1.00.

Ixias—Corn Lilies

Slender graceful spikes of brilliant flowers in shades of yellow, pink, white, and red. Easily forced and splendid outdoors for milder climates. Where winters are severe they need good protection. Mixture of a great many varieties, 12 for 40c, 100 for \$3.00.

Ixiolirion

Pallasi (Tataricum). This beautiful deep blue flower from Central Asia is a really worthwhile addition to the bulb list. Numerous tubular flowers on slender branching stems 12-15 in. high. Long lasting and excellent for cutting. May flowering. Hardy to at least zero weather, perhaps colder. 12 for \$1.00, 100 for \$7.50.

Ixiolirion Pallasi

MISCELLANEOUS BULBS

Freesias

The beautifully colored new freesias have given this ever popular flower a great increase in popularity. Their sweet fragrance and ease of forcing make them most desirable for house culture. Our bulbs are of large size and will flower abundantly with little effort.

Apotheose. One of the best new varieties. Very large flowers opening deep mauve-lilac, turning to bright carmine-pink. Tall rigid stems. 12 for 35c, 100 for \$2.50.

Golden Daffodil. Giant blooms of rich daffodil yellow. Very early. 12 for 35c, 100 for \$2.50.

Pink Supreme. A beautiful variety with large clear pink flowers. 12 for 35c, 100 for \$2.50.

Purity. Lovely pure white flowers of good substance on long stems. 12 for 30c, 100 for \$2.00.

Rose Supreme. Large bright rose flowers on strong stems. 12 for 35c, 100 for \$2.50.

Rainbow Blend. Made up of many varieties in all the colors of the rainbow. 12 for 30c, 100 for \$2.00.

Leucojum (Snowflakes)

Vernum. The spring snowflake. Nodding white flowers tipped with green on stems 6-8 inches high. Should be planted in clumps 4 or 5 inches apart and covered about 3 inches deep. 12 for 75c, 100 for \$5.00.

Ornithogalum

Arabicum (Star of Bethlehem). Large clusters of star-shaped white flowers with black bead-like center. Stems 1 to 1½ ft. Easily forced. Hardy out-of-doors here but needs good protection in colder climates. 12 for 60c.

Oxalis

Adenophylla. A rare hardy variety for the rock garden or growing in pots. Compact rosettes of foliage bearing for a long time many dainty pink flowers. 3-in. tall. 3 for 40c, 12 for \$1.50.

Leucojum Vernum

Triteleia Uniflora Violacea

Triteleia (Milla)

Uniflora Violacea (Spring Star Flower). Each 3-inch stem bears a single pale blue flower with white center. Delightfully fragrant. Excellent in the rockery or under trees and shrubs. 12 for 60c, 100 for \$4.00.

Autumn Flowering Bulbs

Give new interest to your fall garden by planting these attractive bulbs. When so many other plants are dying they burst forth with new fresh beauty.

No bulbs after October 15.

Amaryllis Belladonna (Belladonna or Resurrection Lily). This native of the Cape of Good Hope is hardy on the Pacific Coast and in the District of Columbia. The rich broad leaves grow in the winter or early spring. After they die down the bulb remains dormant until about August. Then suddenly it sends up its flower spike to a height of 2 ft., bearing a cluster of large, lily-like flowers of a beautiful rose-pink. **Each 20c, 12 for \$2.00.** (To the 5th zone only. For farther distant points, inquire for prices.)

Colchicum Agrippinum (Parkinsoni). A distinct and attractive variety with checkered rosy-purple flowers. The flowers and leaves are smaller than the other sorts and hence are more suited to the rock garden. Very effective planted with Amaryllis Belladonna. **Each 25c, 12 for \$2.50.**

Sternbergia Lutea. Attractive crocus-like flowers of a rich golden yellow. Plant in a warm, well drained location where they can be left undisturbed. **Each 20c, 12 for \$2.00.**

See page 8 for Autumn Flowering Crocuses.

HARDY GARDEN LILIES

Oregon-grown lily bulbs have become known as the best obtainable. Not only are they healthier than the imported stock but they can be supplied in a fresh condition with live roots all ready to start growing. Also they are available in the best planting time in the fall.

The varieties listed below are all easily grown if the few precautions are observed. They all need good drainage. With a few exceptions they should have a ground cover and plenty of moisture during the growing season. Varieties not otherwise specified are available until December 20th, unless previously sold out.

Auratum Platyphyllum. The broad leaved vigorous growing type of the Gold-banded lily. The flowers are really enormous, sometimes as much as 12 inches across, of white with a stripe of rich golden yellow through the center of each petal. Plant 6 to 10 inches deep.

Strong medium size bulbs, Oregon grown, 40c each, 12 for \$4.00.

Brownii (True). Most exquisitely formed trumpet of pure white with green shadings in the throat and corinthian purple on the outside. June-July. Plant 8 in. deep. Fine bulbs, \$2.00 each.

Canadense. A pretty little lily with gracefully drooping flowers. The color varies from yellow to orange-red heavily dotted within. A native of the eastern United States, it is very hardy and excellent for naturalizing. 25c each, 12 for \$2.50.

Candidum (Madonna or St. Joseph's Lily). A tall stately lily with pure waxy white blossoms. Delicious fragrance. Early June to July flowering. Plant in early fall preferably in open sun where the ground will dry out in late summer. Do not cover more than 2 in. No shipments after Oct. 15th. Flowering size, 15c each, 12 for \$1.50. Medium size, 25c each, 12 for \$2.50. Large size, 40c each, 12 for \$4.00.

Formosanum (formerly *Philippenense* *Formosanum*). This is a trumpet type lily something like the Regal. The flowers are more slender and the type which we list is much later, blooming in September and October. The long trumpet blossoms are pure, waxy white with a greenish throat and shaded on the outside with chocolate. Although introduced only a few years ago this

Lilium Formosanum

Lilium Testaceum

fine lily has already become very popular. Blooming size bulbs 15c each, 12 for \$1.50. Large bulbs 25c each, 12 for \$2.50.

Giganteum Himalaicum. This majestic plant has stems often 12 feet tall bearing many very long trumpet shaped flowers—white with a tinge of purple in the throat. Around the base and clothing the stem are many very large heart-shaped leaves. Plant the bulbs shallow in soil rich in leaf mold where they will be completely shaded from the sun. Each, \$2.00.

Hansonii. A most desirable lily, very handsome, dependable, hardy and of easy culture. Four to five foot stems bearing many reflexing waxy blossoms of bright orange-yellow. Plant in partial shade, 10 inches deep. June flowering. 40c each.

Henryi. Gracefully recurved blossoms of rich orange-yellow with green band at the center. Tall slender stem sometimes reaching eight feet in established clumps. Very hardy and extremely dependable. Plant 10 inches deep, preferably in partial shade. Large bulbs, 40c each, 12 for \$4.00; strong medium size bulbs, 25c each, 12 for \$2.50; good flowering size bulbs, 15c each, 12 for \$1.50.

Pardalinum. The central half of the strongly recurved petals is bright orange freely dotted with maroon, the outer half is rich orange-scarlet. Tall leafy stems with a large number of the bright blossoms. Very hardy and easy to grow, forming large clumps in a few years. Good sized bulbs, 25c each, 12 for \$2.50.

Pardalinum Giganteum (The Sunset Lily). Because of its brilliant color and vigorous growth this marvelous lily has become very popular both in this country and in Europe since its introduction a few years ago. Strong stems 5-7 ft. or even 9 ft. high with as many as 40 blossoms. The outer portion of the flower is bright scarlet, the inner part is chrome yellow dotted maroon. Much more vigorous and beautiful than *L. pardalinum*. Should be planted by mid-season about 8 to 10 in. deep. Give it good fertile soil where it will have plenty of moisture during the growing season. Medium bulbs, 40c each, 12 for \$4.00; large bulbs, 60c each, 12 for \$6.00.

Regale. The most popular lily in America today. The large trumpet is pure white flushed yellow in the throat. On the outside the white is shaded with wine color. Very vigorous, extremely hardy and succeeds almost everywhere. Established bulbs often have over 20 blooms on stems five or six feet high. Plant 8 to 10 inches deep in good fertile soil where they will have good drainage. Medium size blooming bulbs (6-7 in) 10c each, 12 for \$1.00, 100 for \$7.50. Large bulbs (7-9 in.) 20c each, 12 for \$2.00, 100 for \$15.00. Extra large bulbs (9-11 in.) 35c each, 12 for \$3.50.

Speciosum Album. Large recurving blossoms of pure white with a green stripe down the center of the petal. August and September flowering. 50c each, 12 for \$5.00.

Speciosum Rubrum. A great favorite as a garden lily because of its beautiful color and shape and the ease with which it can be grown. The large recurved flowers are deep rose with a white margin. Numerous deep rose spots. Strong Oregon grown bulbs. 40c each, 3 for \$1.10, 12 for \$4.00.

Sulfureum. A rare lily bearing trumpet shaped flowers that reach a length of eight to twelve inches. The stalks reach a height of four to eight feet with as many as twelve blossoms. The color is a pleasing shade of soft sulfur-yellow shading deeper in the throat. It is the latest of the trumpet lilies to bloom. Plant at least ten inches deep and mulch well in cold climates. Strong medium size bulbs, 75c each, 12 for \$7.50.

Superbum. A beautiful American variety with bright orange-scarlet blossoms spotted purplish brown. Established clumps sometimes have spikes eight feet high with 20 or 30 blossoms. Good large bulbs, 25c each, \$2.50 per doz.

Tenuifolium (Coral Lily). Brilliant coral-red recurving blossoms of waxy texture. As many as twenty flowers on a slender graceful stem with long narrow foliage. Very early flowering. The best lily for rock gardens. Large bulbs, 20c each, 12 for \$2.00. Strong medium size bulbs, 10c each, 12 for \$1.00.

Testaceum (Excelsum or Nankeen Lily). One of the finest lilies grown. Most attractive shade of dull apricot or nankeen yellow, beautifully set off by the brilliant orange anthers. Does well under same conditions as L. Candidum. No bulbs after October 20th. Fancy large bulbs, \$1.00 each, 12 for \$10.00. Medium size bulbs, 75c each, 12 for \$7.50.

Tigrinum Splendens. A very robust large blossoming type of the Tiger lily. Deserves to be planted freely. Easily grows to 6 feet with 24 buds and blossoms of bright orange-red with nearly black spots. Extra large bulbs, 25c each, 12 for \$2.50. Medium size bulbs, 15c each, 12 for \$1.50.

Tigrinum Flore pleno. The double form of the above. The best double lily. 25c each, 12 for \$2.50.

Umbellatum Grandiflorum. The large heads of upright flowers are bright red shaded orange. The strong stems have excellent foliage. One of the earliest lilies coming almost as early as Tenuifolium. Very dependable and not at all exacting in its requirements. Large bulbs, 25c each, 12 for \$2.50. Medium size bulbs, 15c each, 12 for \$1.50.

Washingtonianum (Mt. Hood Lily). A beautiful trumpet shaped lily that is native to Oregon. The blossoms which come in June and July open white and become shaded pink and wine color. Plant 10 inches deep. Large bulbs, 50c each, 12 for \$5.00. Medium size bulbs, 35c each, 12 for \$3.50.

Willmottiae. Bright orange red recurving blossoms on slender graceful stems. Long deep green foliage. Very hardy. 4-5 ft. 35c each, 12 for \$3.50.

Lilium Pardalinum Giganteum

All Season Collection of Easily Grown Lilies

This collection is especially recommended for those who are not experienced lily growers. These varieties are all easily grown and very dependable and hardy. We supply fresh Oregon grown bulbs that should all flower the first year and increase in beauty for years to come. The collection will provide beautiful blooms from May to October, in the following order: Tenuifolium, Umbellatum Grandiflorum, Regale, Henryi, Tigrinum Splendens, Speciosum Rubrum, Formosanum.

3 bulbs each (21 bulbs, value \$ 3.60) for \$ 3.00
6 bulbs each (42 bulbs, value \$ 6.00) for \$ 5.00
12 bulbs each (84 bulbs, value \$12.00) for \$10.00

Lilium Umbellatum Grandiflorum

Violet Queen

SPECIAL COLLECTION OF DUTCH IRISES

Four of the most easily grown and dependable varieties in an excellent assortment of colors: Poggenbeek, Yellow Queen, D. Haring, Emperor. Assort them as you wish. 2 doz. for 90c, 4 doz. for \$1.75, 100 for \$3.00.

Jacob de Wit

Fine IRISES that

These fine irises are not grown as much as they deserve to be. For garden decoration and as cut flowers they are graceful and long lasting. The colors are clear and delightful. By proper choice of varieties one can have blooms for two months or more. Wedgewood comes first, followed by the other Dutch varieties, then the Spanish, and finally the beautiful English irises end the season. The Dutch irises we list here are mostly the new de Graaff hybrids which are rapidly superseding the older varieties. They are distinguished by a narrow stripe of bright orange-yellow on the falls.

Iris bulbs should be planted about 4 inches deep in well drained soil. October planting is probably best in most parts of the country. Where the winters are severe the beds should be mulched after the freezing begins.

Dutch Irises

A. Bloemaard. One of the earliest of the Dutch irises. Large flower with dark purplish blue standards, deep blue falls with narrow orange stripe. (20-in.) 12 for 60c, 100 for \$4.00.

Blue Horizon (S. de Vlieger). Very beautiful light blue iris of large size. Good stem and foliage. The very broad and strong falls are soft sky blue. 12 for 60c, 100 for \$4.00.

D. Haring. Pure white falls. Standards slightly tinged lavender turning to white. Large flowers of good substance. A strong vigorous variety. 12 for 50c, 100 for \$3.00.

Dirk Dalens. Large pale blue standards, soft blue falls with very narrow orange stripe. One of the best light blues (21-in.) 12 for 60c, 100 for \$4.00.

Emperor (Filifolia). Later blooming than the true Dutch irises, connecting them with the Spanish. Deep blue standards and falls. Large, free flowering and a vigorous grower. 12 for 50c, 100 for \$3.00.

Jacob de Wit. A splendid medium blue iris of a very pleasing shade. The falls are large and somewhat waved. Standards very dark blue. Early. 12 for 60c, 100 for \$4.00.

Leonardo da Vinci. Falls canary yellow with orange stripe, creamy white standards. A very attractive large flower. 12 for 50c.

Poggenbeek. Standards and falls uniform dark blue. One of the most attractive and dependable varieties. Early. 12 for 50c, 100 for \$3.50.

Theresa van Duyll Schwartz. Standards pale corn-flower blue. Falls pure white with narrow orange stripe. Beautiful cut flowers. 12 for 50c.

Violet Queen (W. Zuiderveld). Standards and falls light bluish violet. Finest of its color. 12 for 60c, 100 for \$4.00.

Wedgewood (Tingitania hybrid). About two weeks earlier than the regular Dutch iris. Large flowers of bright Wedgewood blue. Vigorous growth. 12 for 80c, 100 for \$6.00.

White Excelsior. Large pure white flowers of a very good form and substance. Medium height. Early. 12 for 50c, 100 for \$3.50.

Yellow Queen. Clear golden yellow flowers on tall slender stems. Very effective for a splash of clear yellow in the garden and also a splendid cut flower. 12 for 50c, 100 for \$3.00.

Mixed Dutch Iris. A choice mixture made up of the varieties listed above. 12 for 50c, 100 for \$3.

Grow from Bulbs

English Irises

Of all the irises we think these are the most beautiful. The colors range from white to deep blue, with the most enchanting shades of lavender, orchid and mauve in between. The blossoms are larger than the Spanish and Dutch irises and come later than those types. Plant about 4 inches deep, during September if possible.

Mixed English Irises. Splendid assortment of these magnificent flowers; wide variety of lovely colors. 12 for 75c, 100 for \$5.00.

Dark Blue. A magnificent variety of clear dark glistening blue. Tall stems and large flowers. 12 for \$1.00.

Mont Blanc. Clear pure white. Very attractive large flower. 12 for \$1.00.

Spanish Irises

Cajanus. Large graceful blossom of clear golden yellow on tall slender stems. One of the finest yellow irises for the garden and one of the most delightful cut flowers in the whole list. 12 for 50c, 100 for \$3.00.

Golden Bronze. Standards dark violet edged bronze, falls attractive golden bronze. A very beautiful new variety. 12 for 75c.

Iris Reticulata

The violet scented iris. Like a dwarf Dutch Iris of deep violet-purple with yellow blotch. Flowers in very early spring and may be forced by Christmas time. A lovely early flower for the rock garden. Strong healthy bulbs, 3 for 50c, 12 for \$1.75.

English Iris

Garden Bulbs in Color

By J. Horace McFarland and Others

Illustrated with 275 color pictures of varieties of tulips, narcissi, lilies, gladioli, and many other familiar and unfamiliar flower bulbs. This volume is recommended as the most useful bulb book ever published.
